Dear Peter,

I am writing to thank you and your colleagues for the Christmas cards that you have printed for us this year. I have been delighted with the quality of both the card and the service we have received. One thousand of the cards will be signed and included in the hampers we deliver to families and individuals in need in Nottingham this Christmas. The remaining cards are being sold to help raise money to fund the project.

Please find the enclosed cheque in full payment.

Yours sincerely,

Cerin Wilson
