The Lace Market
Nottingham NG1 3AA

Dear Peter

I would just like to express my thanks to you and your team for the work you did on both the Nottinghamshire Great Estates and the Made in Nottinghamshire exhibitions. From the advertising cards to the display panels all the work was of excellent quality and, as usual, completed within a preposterously short deadline.

I value the creative input from all your staff who are always enthusiastic and willing to go 'that extra mile' to get a job done. I work with a number of printers and designers in the county but I must admit that for a job with a concrete deadline which can not be moved I would always come to you since you have always turned up trumps and never let me down, a quality which is not prevalent across the industry.

Please express my thanks to all you staff and I look forward to working with you again soon.

Yours sincerely

Sue Cullen
