To whom it may concern

**Instaprint**

I have used the above company for a number of years in my capacity as an Account manager for Perspektiv Marketing Group.

I have utilised their wide range of services including the following:

Large format poster printing  
Special POS displays - from van decoration to shop window displays  
Printing of booklets binding and collation

The above are just a few of the many areas that Instaprint have assisted me with.

I have found their entire staff to be extremely knowledgeable and professional In all projects they have undertaken.

I would have no hesitation in recommending them.

Yours Sincerely

Martin Goddard  
Account Manager  
Perspektiv Marketing Group
